WASHOE COUNTY OFFICIAL PRESS

C. C. POWNING, EDITOR AND PROPRIETOR

WFDNESDAY, JULY 14, 1875.

UNITED STATES SURVEYOR GEN-BRAL DAVIN, STAND UP.

The first witness we shall call to the stand this morning is E. S. Davis, U. S. Surveyor General of Nevada. We desire to learn by what authority you dish out to Andrew Jackson Hatch contracts for surveying Govornment land in Nevada. You are probably well aware, and if not, we beg leave to refresh your memory, that Mr. Hatch for many years, had been given by you, almost a complete monopoly of the U. S. surveying business in Nevada. On the strength of it he accumulated great wealth and waxed fat. He was enabled to become the possessor of valuable tracts of land, of mining stocks, of houses, and other property, until his wealth was estimated at over fifty thousand dollars. And all this was acquired in a very short space of time. But all at once Mr. Andrew Jackson Hatch discovered that the Republican party was corrupt; the very air was imprognated; the party which had done so much for this country, was unfit to be longer entrusted with the roins of Government; its mission was ended, and it should go down unwept, unhonored, and unsung. At a time when the party nooded all its strength, Mr. Hatch proved a traitor to it, showing that now sir you turn around and roward such base conduct by giving him the means to again betray that party. What have you to say in extenuation

Tue Virginia Enterprise says the campaigu in California will soon be very lively. The Democracy expoet, in addition to local speakers, the presence of Senator Thurman of Ohio, Hoister Clymer of Pennsylvania, Sunset Cox of New York, and ex-Governor Walker of Virginia, to take the stroup for their ticket. Sargent, Gorham and Phelps are presenting the Republican cause in a shape that will require the best talent of the country to meet. We presume Senator Booth is preparing a campaign spooch which will be in the happiest style of that orator, while there are multitudes of lesser stars revolving around the greater lights, and all ready to tell the people what path to tread if in Soptem-

of your crime?

O. P. Frezonanto, the nomineo for State Superintendent of schools on the California Democratic ticket, once filled the office to which he has just been nominated by the Democrats, and proved himself to be a weak, imbecile ignorant man for the position. He was during the time of thorabellion an open and undisguised har apiece." secossionist, and one of the noiseist "I like a good rainy day," said an kind, and appearing all the more fille boy, "too rainy to go to school, and just rainy enough to go a fishing." preacher. The Chronicle thinks he would drive any school book out of use that had the word Union in it. and every atlas that had Bunker Hill marked apon it,

THE trial of John D. Lee for connection with the Mountain Meadows massacre of 1857, in Southern Utah, at which one hundred and forty immigrants-mon, women and children - from Arkausas and Missouri were murdered, will probably come up on the 15th instant at Salt Lake It is believed and hoped that this terrible crime, which has been charged to the Mormon people for the last eighteen years, will be disproven, or that the tico.

DENERITS OF ADVERTISING.

In our active business world every important step is pondered seriously, and the most frequent inquiry arising is: "Will it pay?" If not, direct-

be demonified?—When they resert to tight lacing to prevent waistsfullurss.

"Don't you think, husband, that you are upt to bollove everything you hear?" "No, my dear; not when you talk."

An industrious wife is making a hat for her husband out of the straw

vertise wisely, as you would buy wisely. Money can be thrown away wisely. Money can be thrown away in indiscreet advertising as rapidly as in any direction.

Deciding to make use of that val-ued aid to a successful business, "ad-vertising," the second consideration becomes "Where shall I advertise?"

A puper may have a large circula-tion because it caters to some de-prived taste of the lower class, and with its large circulation have little or no influence, not reaching the class having extended wants and the means to gratify them.

Experienced advortisers have long since learned that it is best to pay more money to get into the papers looked up to as leading the public mind and influencing public opinion than to waste smaller sums on jour-uals of inferior character.

If your goods have special seasons, build up a trade for them when out of season, and that reputation will largely aid your sales when the seanon arrives for putting them into the market. If no "pent-up" season limits the domaid for your wares, it is clear that there is no time when you can judiciously withdraw from the public eye your announcements.

PARRON ASKED, --- A potition is in viroulation around town asking for the pardon and restoration to citizenship of Geo. Brown, convicted of horse stealing in the District Court sentenced for six yours to the Nevada State Prison from Washee county; the said Brown having already served mighteen months of the term of his imprisonment. The facts in the case as we remember them are: Brown got drunk and stole a horse from John Wilson, He was arrested and plead guilty, and Judge Harris sont him up for six years. The petition is being generally signed by our leading citizens.

Tun stock market showed an improved tone resterday as well in activity as in prices. The northern end of the Comstook, Sierra Novada, Mexican, Union, Ophir, wore stronger and in domand. The market is activity, and, this year with far more | 000 or any other sum. usual foundation. Money is gradually becoming more abundant and more within reach of the stock market, which, at the present prices, requires far less than it did a fow months since.

Sonn .- We are informed that the Bowers Mansion has been sold by Mrs. Bowers to the liquor firm of Kelly, Gilchrist & Honderson, of San Francisco. They will no doubt continue to maintain the premises as a place of public resort. The price at which the property was sold has not transpired.

THE SAMPLING BILL The Supreme Court Decides the Rill to be Countly, tional,

The decision of the Supreme Court in the matter of the Gambling bill, passed at the last Legislature was rendered Monday morning. The bill, as passed by the Legislature and approved by the Governor, is now a law, and the Sheriffs of the counties of the State are authorized to collect four hundred dollars per quarter (liceuse) for every banking game played with cards, dice or any other device. The game of keno is included among the games of chance. The Act is declared constitutional, and is to all intents and purposes a law. Judge Hawley rendered the decision and it was concurred in by the whole bench. The decision being rendered by a Court of last report makes all further movement in the matter useless. Our gambling friends will have to accept the situation and racke the best of it.

It will be well for those who are engaged in gambling pursuits to read the law as set forth in the statutes of 1875.

"Any person," says the law, "carrying on any of the above games, who shall permit any person under the age of twenty one years, to entor or remain in any licensed room, shall be fined in the sum of not less than two hundred, nor more than five hundred dollars, or be imprisoned in the County Jail not less than one hundred days, nor more than six exonths, or by both such fine and imprisonm**ent.**

THE MARKETS .- Our markets are now supplied with all the California fruits, from cherries to watermolons, if watermelons properly fall in the category of fruits. These fruits come in as good order from the place where they are grown as could be desired. In fact they are almost as fresh to appearances and the taste as if they were just plucked from the tree. Nevada fraits have not yet come inte season.

U. S. Sunvey .- Don. Barker and W. W. Skinner are off for Austin, where the Government will do its surveying this year—out in that section somewhere. Skinner represents A. J. Hutch, who has a contract for \$7,500 of the work-one-quarterthe whole appropriation being \$30,-

Who Has Thum.-We learn that Surveyor General Davis has divided the \$30,000, appropriated for U.S. surveys in Nevada this year, between D. H. Barker, G. W. Garside, W. of the Second Indicial District, and H. Monroe and A. J. Hatch. Each bave a contract for \$7.500.

> BREWERY .- The old wooden shell adjoining Stopher's saloon is being torn down to make room for a more substantial structure. The property has been purchased by a Mr. Gettenburg, who proposes going into the browery business.

PLAZA street, in time, will be one of the principal business streets of Reno. It offers superior induce-theresed, Rano, July 12, 1876 ments. It will catch trade from the North; it is free from dust, and wide enough for all practical purposes.

WEAKENED .- The owner of "Chiunman" has weakened, and so loses his ferfeit money. Consequently slowly progressing toward a point we are to have no race between which will precede the usual autumn "Chinaman" and "Jordan," for \$5,-

> EMIGRANTS .-- Five car loads of emigrants passed west on the train yestorday afternoon. We will soon be favored with a large lot in the shape of the editorial excursionists, who will be here to-morrow.

> Wanted by a respectable widow woman a situation as housekeeper or general servant; is a good cook. No incumbrance but one girl ten years old. Call at J. B. Heary's lodging house, Virginia street.

Mr. Hank Mitchell also, so we are informed, purchased a controlling interest in the Nevada Democrat, and that newspaper mine will le developed as specially as possible. Col. Dow has the ability to run a first-olass paper; but the people of Rene chait stand four bits a wook very well,

Mn. HANK Miroster, during his recent visit to the Eureka District,

INTERESTING .- Our cotem, is still running the platform of the California Democrats on its fourth page. The platform of the Ohio Democracy would be just as interesting "standing matter" to the people of Nevada. Fill in with something else Bro.
